

ENTRANCE - ADMISSIONS

Children in the school district community will be allowed to enroll in the school district's regular education program beginning at age five. The child must be age five on or prior to July 31 to participate in the school district's kindergarten program or beginner grade, or be admitted under exceptions provided by state statute.

The board shall require evidence of age and residency in the form of a birth certificate or other evidence before the student may enroll in the school district's education program. It shall be within the discretion of the superintendent to determine what is satisfactory evidence for proof of age.

Prior to enrollment, the child must provide the administration with proof of a physical examination and immunizations as required by law and the respective policies of this district. Failure to provide this information shall be reason for denying admission to the student under statute 79-217.
