

Creighton Community Schools

April 9th, 2024

We have had a lot to celebrate the last two months and we are looking forward to a great finish to the school year! This newsletter covers some of the many highlights from February to the first part of April.

Booster Club Spring Fling

Thank you to the Booster Club for hosting our first Spring Fling Elementary Dance. The students and parents had a great time.

Elementary Concert

Our PK-6 students entertained our parents and families for a “Night at the Movies”. We are thankful for the strong Fine Arts programs in our district.

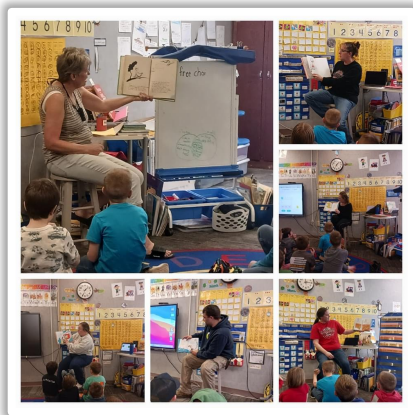

Multi-Activity Awards

Congratulations to 38 CHS students who received the Multi-Activity Award from the Nebraska State College System. Please continue to encourage your student(s) to be involved!

State Events

Congratulations to Olivia and Ben for qualifying for state speech (Ben placed 5th!). Congrats also to our Food Science FFA team for their 4th place finish at state FFA as well as to Autumn for her 9th place individual finish.

Dr. Seuss Week

Our older elementary students were able to read to our younger elementary students. We have also had a few classes with Mystery readers this semester.

Grant Funding

Our district has continued to supplement our budget with grant funding. We have been awarded over \$200,000 in competitive grant funds in the last 2-3 years. Thank you to NDE, the Nebraska Arts Council, and The Nebraska Cultural Endowment for the grant funding for our new sound system.
